

Overview of the Program

At **RYL Neuroacademy**, we are committed to enhancing mental and emotional fitness through advanced NLP techniques. Our **NLP Mastermind Program** is a specially designed, transformative experience that helps individuals build resilience, enhance focus, boost confidence, and improve overall performance in various aspects of life, whether it's academics, work, or personal growth.

The program will be delivered on **Saturdays and Sundays** weekend session, making it highly accessible without disrupting your students, employees, or clients' regular schedules. Our unique selling proposition (USP) lies in the **minimal time and energy commitment** while offering **high-impact results** that align with individual or organizational goals.

Benefits of Collaborating with RYL Neuroacademy

By integrating our NLP Mastermind Program into your institution, you can offer a **cutting-edge mental and emotional wellness solution** that will enhance the well-being and performance of your members, employees, or students. Here's how this collaboration can benefit your specific institution.

For Gymsnasiums and Health Clubs:

- **Combine mental fitness with physical fitness**, offering clients a holistic approach to health.
- Help gym members **overcome mental blocks**, build focus, and enhance motivation to achieve their physical fitness goals.
- Attract new clients with a unique **mind-body fitness program** that focuses on mental resilience and emotional balance.

Revenue Sharing Opportunity:

We believe in **mutual growth and collaboration**, which is why we are open to a **revenue-sharing model**. For every session conducted at your venue or through your platform, we will share a percentage of the revenue generated with your institution. This provides a **win-win opportunity** for both our organizations to grow while benefiting your members or clients.

We will also fully adhere to any **terms and conditions** set by your institution, as we value long-term partnerships based on **trust, goodwill, and customer satisfaction**.
